PRECAUTIONARY STATEMENTS

Wear a dust mask and wear safety glasses for eye protection when applying this material. Wash hands thoroughly after handling. Wash all concrete surfaces off before watering. Do not breathe dust. Do not eat, drink or smoke when using this product. Dispose of contents/container in accordance with Federal, State and Local regulations. Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on driveway, sidewalk or street, back onto your lawn/garden.

FIRST AID

Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed. **If in eyes:** Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse every 20 minutes. If eye irritation persists, get medical attention. **If inhaled:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Maintain an open airway. Get medical attention if symptom occurs. **If on skin:** Flush contaminated skin with plenty of water. Continue to rinse for at least 20 minutes. Get medical attention if irritation develops and persists. Wash clothing before reuse. Clean shoes thoroughly before re-use. **If swallowed:** Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so the vomit does not enter the lungs. Get medical attention if adverse health effects persist or are severe. Never give anything by mouth to an unconscious person. Get medical attention if the symptoms occur. **Notes to physician:** In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.
