Derived From: Amino Acids, Ammonium Sulfate, Copper Sulfate, Ecklonia Maxima Seaweed, Ferrous Sulfate, Magnesium Sulfate, Manganese Sulfate, Molasses, Potassium Humate, Potassium Hydroxide, Potassium Sulfate, Sodium Borate, Sodium Molybdate, Sulfuric Acid, Urea, Zinc Sulfate

Net Weight 9.7 lbs. per gallon

NOTICE TO BUYER: This product is intended for uses as a professional plant food only. Users must exercise all due professional judgment and caution when applying the product under their own particular growing conditions.

Limitations of Warranty and Liability: Wedgworth, Inc. and any other seller, warrants only that this product conforms to the chemical description on the product label. No other warranty, express or implied, as to the merchantability, fitness for a particular use, or otherwise shall apply. Purchaser's exclusive remedy for loss or damage related to the purchase and/or use of this product shall be limited to the refund of the purchase price only. By using this product, you are deemed to have accepted the terms of this notice.

PRODUCT INFORMATION: SuperCarb+ with Minors is a liquid biostimulant containing amino acids, vitamins, natural plant hormones, organic acids, and carbohydrates which can also be used in combination with other liquid fertilizers. SuperCarb+ with Minors also contains essential secondary and minor elements to provide for plant health and color.

RECOMMENDED RATES: Typical application rates are 1 –2 quarts per acre and 2-4 quarts per 100 gallons on landscape and nursery; with specific application rates based on crop and soil type. For information regarding specific application rates, application methods, and mixing and handling instructions, consult with your Wedgworth's representative. Always do a jar-test to determine compatibility with any other liquid fertilizer. This product is water miscible allowing it to be applied through properly designed liquid application equipment. If diluted with water use within 72 hours of mixing.

SHAKE WELL BEFORE USE.

STORAGE INFORMATION: Store SUPERCARB+ with Minors in a climate controlled environment between 50-95 F°.

Decomposition may occur at high temperatures (above 225°F). Use all product within 12 months of its original date.

For Commercial Use Only.
